Professional Treatments

Our Intelligent Treatment System (ITS) marks the apex of skincare innovation, meticulously designed to deliver transformative results. This pioneering system empowers professionals to curate unique skincare programs tailored to meet the diverse needs of their clients. From addressing problematic skin to rejuvenating youthful skin, ITS is the embodiment of versatility. ITS Treatments are defined by four core parameters that differentiate them in the industry:

THE DISCOVERY

A thorough consultation process that informs the client journey.

THE CUSTOMIZABLE TREATMENT PLAN

Our skin is as unique as our genetic code. Our customizable plans allow for a completely tailored experience for each client and their unique needs.

THE PRESCRIPTION

The roadmap that determines the journey, your treatments remain intelligent as they deliver optimal results.

THE PERFORMANCE RESULTS

Consistent results for all of your clients, every time.

Our Intelligent Treatment System (ITS) marks the apex of skincare innovations.

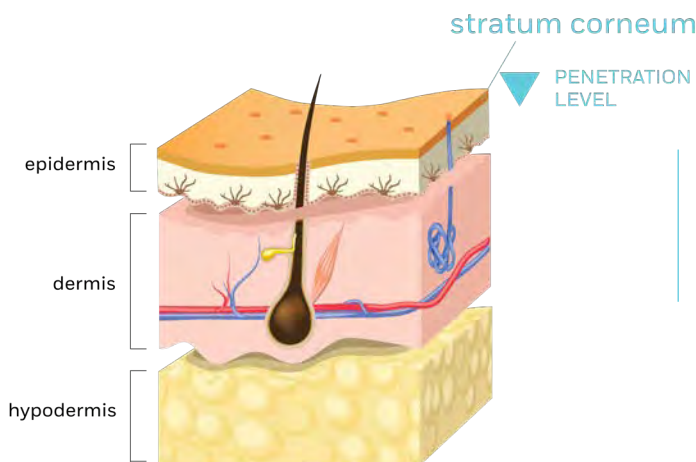

Masks

GOING DEEPER TO ACHIEVE HEALTHY SKIN AT EVERY LEVEL

DermaQuest provides a range of professional and home care masks to be used as part of a prescribed skincare program. DermaQuest's technically advanced delivery system carries the mask's core active ingredients, such as peptides, plant stem cells and antioxidants, deeper into the epidermis, enabling active ingredients to improve skin health at a cellular level for real results and not short-term superficial improvements.

With a variety of masks to support most skin concerns, skin can be exfoliated and deeply cleansed with powerful enzymes or replenished and hydrated with nourishing vitamins.

Boasting 72 different treatment protocols in the DermaQuest treatment portfolio, masks can be used as required, forming part of a progressive treatment program, to achieve desired results.

Working at the stratum corneum, our masks deliver powerful doses of active ingredients to target surface level skin concerns while helping enhance our resurfacer and peel treatments.

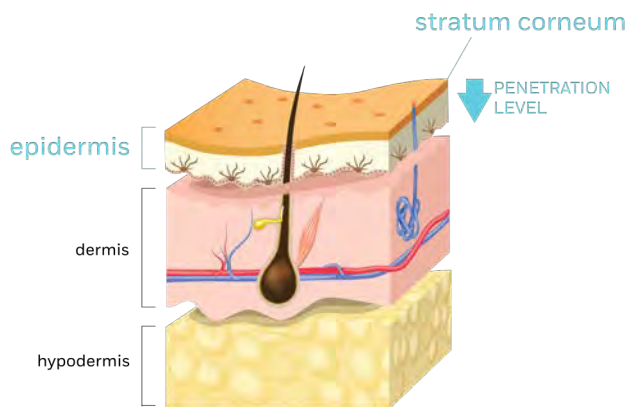

Resurfacers

WORLD-CLASS SKIN RESURFACING.

A frontrunner in the realm of effective skin resurfacing, we excel with our range of resurfacers, crafted using intricate formulations for controlled chemical resurfacing. Embedded within the DermaQuest Intelligent Treatment System, these resurfacers significantly enhance skin quality through chemical exfoliation processes.

Leveraging potent active ingredients like peptides, glycolic acid, salicylic acid, and lactic acid, these treatments are designed to rejuvenate the skin, unveiling a healthier, more vibrant, and resilient complexion. Notably, our resurfacers achieve remarkable skin improvements without necessitating any downtime post-treatment, establishing them as a preferred option for those seeking impactful results with minimal disruption.

DermaQuest Resurfacers work across all layers of the epidermis to help promote skin renewal and address challenging skin concerns such as photoaging or discoloration.

Essentials

This range of daily skincare essentials provides our daily skin needs, including antioxidant protection and hydration to restore skin back to its healthy, youthful state. Skin is fortified, environmental stress is alleviated, and radiance is restored. Formulated for all skin types, this builds the foundation of the skincare routine.

ESSENTIAL CLEANSER

Natural papaya and pineapple enzymes gently exfoliate skin while plant-based cleansing ingredients and soothing botanicals balance and hydrate. Skin is smooth, toned, and radiant.

ALGAE POLISHING SCRUB

This gentle scrub effectively removes dead skin cells and promotes smoother, more hydrated skin. Jojoba beads gently exfoliate without causing irritation. Suitable for all skin types, algae extract nourishes and soothes skin, helping reduce sensitivities and redness. Skin is radiant, hydrated, and smooth.

UNIVERSAL CLEANSING OIL

This universal cleansing oil is formulated with a blend of jojoba, almond, and other pure botanical oils, providing a soothing, nourishing cleansing experience. Formulated for all skin types, this cleanser effectively hydrates skin while removing unwanted impurities and skin-surface build-up. Skin is clean, healthy, balanced, and radiant. Non-comedogenic

B5 HYDRATING SERUM

Our best-selling product, this hydrating serum blends mixed molecular weight hyaluronic acid with AcquaCell and vitamin B5 to expertly strengthen and fortify skin's barrier, leading to optimal moisture retention, radiance, bounce, and smoothness for up to 24 hours. For all skin types.

COLLAGEN ACTIVATING COMPLEX

This advanced formula combines Edelweiss stem cells with targeted peptides to help recover lost firmness, resilience, and tone. Advanced delivery systems provide deep hydration across all skin layers while simultaneously soothing irritation and stress. Skin is lifted, revolumized, and firm. For all skin types.

SOOTHING ANTIOXIDANT COMPLEX

This soothing serum blends arnica with centella asiatica, peptides, and plant stem cells to reduce irritation and redness, provide hydration, and protect against environmental stress.

NIACINAMIDE SERUM

This powerful serum blends niacinamide with hyaluronic acid, vitamin c, and peptides to improve skin brightness while simultaneously delivering hydration and free-radical scavenging antioxidants. Niacinamide expertly helps fortify the skin barrier while vitamin C helps resist against environmental stress. Skin is visibly more radiant, signs of redness are reduced, and a healthy, glowing complexion is restored.

DELICATE ESSENTIAL MOISTURIZER

Our sumptuous blend of Argan, Jojoba and Olive Oils create a soothing barrier of moisture for your sensitive skin while, diminishing redness and irritation. Softening and calming, this gentle conditioner indulges and strengthens distressed skin in need of comfort.

ESSENTIAL MOISTURIZER

This lightweight, fast-absorbing moisturizer absorbs quickly into skin to provide long-lasting hydration, improve skin texture, and protect skin from environmental damage. This essential moisturizer is for every skin type, and all skincare routines. Hyaluronic acid, squalane and other soothing botanicals moisturize skin and promote a healthy skin barrier.

C Infusion

This powerful antioxidant range features innovative ingredients to protect skin from daily environmental stress and free radical exposure. Boasting expert combinations of four different forms of vitamin c, blended with vitamin e, phytic acid and ferulic acid, these products will neutralize free radicals, help increase collagen, and brighten skin. These unprecedented formulas provide the most powerful antioxidant protection available today. Skin is protected, lifted, and radiant.

C INFUSION CLEANSER

This hydrating, foaming gel cleanser infuses skin with a nourishing layer of vitamin C and antioxidant vitamins. Skin is softened and hydrated while lost antioxidant vitamins are replenished and restored. Skin is nourished, fed, repaired, and protected.

ADVANCED B5 WITH FERULIC ACID

This clinically-proven, weightless serum contains a synergistic combination of vitamin C with ferulic acid, phytic acid, and mixed molecular weight hyaluronic acid to provide simultaneous antioxidant protection and deep hydration + repair. Ideal for all skin types, skin is brightened, hydrated, plumped, and radiant.

FERULIC INFUSION + C SERUM

This potent antioxidant serum expertly blends pure, stable vitamin C and vitamin E with ferulic acid and plant antioxidants to help neutralize harmful free radicals, minimize environmental damage, and improve visible signs of photoaging. This synergistic combination of antioxidants reduces the signs of accelerated photoaging, including improvements in fine lines and wrinkles, elasticity, skin tone and discoloration.

PHYTIC INFUSION + C SERUM

This potent antioxidant serum contains a synergistic combination of 8% stabilized ascorbic acid, 2% phytic acid, tannic acid, and ginkgo biloba to help combat harmful free radicals, minimize environmental damage, correct visible signs of photoaging and reduce the appearance of wrinkles and dark spots while restoring radiance and a unified skin tone.

ADVANCED C INFUSION MOISTURISER

This clinically-proven, weightless serum contains a synergistic combination of vitamin C with ferulic acid, phytic acid, and mixed molecular weight hyaluronic acid to provide simultaneous antioxidant protection and deep hydration + repair. Ideal for all skin types, skin is brightened, hydrated, plumped, and radiant.

C INFUSION TX MASK

This powerful brightening mask delivers potent concentrations of vitamin C, antioxidants, and peptides deep into skin. This potent formula nourishes and fortifies dry, dull, and environmentally damaged skin by replenishing lost antioxidants and strengthening skin vitamins. Skin is brightened, protected, and restored.

C INFUSION LIP HYDRATOR

This anti-aging lip hydrator blends vitamin C and vitamin E with peptides and ubiquinone to guard against environmental stress while addressing the visible signs of aging. The delicate skin of the lip is nourished, plumped, smoothed, and firmed.

C INFUSION EYE CREAM

This advanced antioxidant eye cream improves the appearance of fine lines and crow's feet, dark circles, puffiness, and skin laxity. Containing a proprietary blend of vitamin C, citrus stem cells, hyaluronic, and firming peptides, the eye area is lifted, tightened, and brightened with visible improvements in overall firmness and radiance.

Pure Peptide

This powerful range of peptide-infused skincare leverages the most unique, advanced combinations of peptides in skincare today. Featuring our signature, unprecedented 15-peptide blend, plant stem cells, antioxidants, and amino acids, skin is replenished and restored to a firm, youthful state. These expertly-formulated products help increase elasticity, firm, and plump skin, exposing a more youthful complexion.

PEPTIDE 3D FACIAL CLEANSER

This potent, skin-lifting cleanser features a proprietary blend of pure peptides and plant stem cells to firm, lift, and re-energize tired skin. For all skin types experiencing accelerated signs of aging, this pH-balanced cleanser leaves skin balanced, revitalized, and radiant.

GLYCO RESURFACING CLEANSER

A combination of 15% glycolic acid and pure, powerful peptides work together to exfoliate skin, refine pores, and reduce the appearance of aging. For all skin types experiencing accelerated signs of aging, this retexturing cleanser provides a clean, smooth, and radiant complexion.

ADVANCED 3D HYDRAFIRM SERUM

This multi-tasking, revolumizing serum contains a powerful combination of pure peptides, plant stem cells, and skin hydrators to immediately restore elasticity, firmness, and strength, resulting in immediate improvements to the visible signs of aging. Skin is taut, tightened, and lifted.

ADVANCED PEPTIDE LINE CORRECTOR

This advanced, skin lifting formula contains our proprietary 15-peptide blend with protective botanical extracts to significantly fill, soothe, and soften lines and wrinkles. This unique, synergistic combination of ingredients provides immediate smoothing and lifting to skin, improving the visible signs of aging.

ADVANCED 3D MOISTURIZING COMPLEX

This potent anti-aging treatment combines plant stem cells with firming peptides and botanical skin-brightening actives to tackle skin discoloration, uneven tone and texture, and loss of elasticity. This anti-aging boost restores youthful appearance and reverses the visible signs of aging. Skin is radiant, lifted, and vibrant.

PEPTIDE NOURISHING CREAM

This deeply nourishing, anti-aging moisturizer expertly combines shea butter, squalane, plant stem cells, and soothing botanicals to provide intense hydration for dry to ultra-dry skin. Advanced peptides, antioxidants, and hydrators work together to deeply moisturize and restore essential lipids to dry skin, resulting in restored comfort, radiance, and a youthful appearance.

PEPTIDE 3D EYE LIFT

This multi-tasking blend of pure peptides, plant stem cells, and brightening agents target all concerns of the eye area, providing instant firming, lifting, depuffing, and hydration. For all skin types, eyes are brighter, tighter, and lifted.

MelaQuest

This powerful collection of skincare harnesses years of research and world-class development to identify the most advanced ingredients that help fight discoloration across all skin types. Sixteen brightening peptides are expertly blended with plant stem cells and the most innovative ingredients available, including cysteamine, tranexamic acid, and lipid-soluble, photostable vitamin C to take a multi-modal approach for today, and the long-term. Safe and effective, this collection provides remarkable results without the use of hydroquinone.

MELAQUEST
INTELLIGENT TREATMENT SYSTEMS
POWERED BY DERMAQUEST

MELAQUEST FACIAL CLEANSER

This sulfate-free, skin brightening cleanser effortlessly blends antioxidants, soothing plant botanicals, and gentle cleansing ingredients to balance, hydrate, and revitalize photodamaged skin. Skin is balanced, refreshed, and radiant.

ADVANCED MELAQUEST SERUM

This high-tech, hydroquinone-free serum targets stubborn dark spots and skin discoloration directly at the source, resulting in visible improvements in unwanted pigment while preventing future recurrence. Expertly blended with soothing plant-based skin brighteners, irritation is minimized and radiance and even skin tone are restored.

MELAQUEST CYSTEAMINE SERUM

This potent brightening serum features cysteamine, 1.5x more effective than prescription hydroquinone, to target stubborn discolorations, dark spots, and uneven skin tone in multiple ways, resulting in unprecedented brightening and unification of skin tone. Synergistically blended with vitamin C and skin-protective peptides, skin remains brightened without future recurrence. Stronger than hydroquinone, without the use of hydroquinone.

MELAQUEST CREAM

This dual-function brightening moisturizer improves the appearance of dark spots and discoloration while delivering potent hydration and antioxidant protection to skin. Enhanced with melanin-suppressing plant extracts, this daily-use, non-hydroquinone skin brightener unifies skin tone and restores skin radiance.

MELAQUEST EYE CREAM

A comprehensive blend of madonna lily plant stem cells, antioxidants, amino acids and vitamin c that work diligently to lift dark circles while peptides work as the savior within your skin to calm puffy, tired eyes. This dynamic collection of ingredients works to balance and improve the delicate skin around the eyes, revealing healthy, hydrated and brighter eyes.

DermaClear

This collection was formulated as a powerful solution for blemish-prone skin. Containing expert blends of AHAs, BHAs, antioxidants, and skin balancing and brightening ingredients, blemishes are reduced, skin oil is balanced, and breakouts are minimized. AHAs and BHAs work together to purify and exfoliate skin while MDI complex and skin brighteners keep skin supple, dewy, and smooth. PIH is reduced, pores appear refined, and skin is smooth and radiant.

DERMACLEAR CLEANSER

Specially formulated with Mandelic Acid for its antibacterial properties, this cleanser is ideal for all stages of blemishes. Proteolytic enzymes, plant extracts, and willow bark work to help soothe irritated skin as tea tree oil assists in calming irritated skin. Skin is smooth, calm, and radiant. Specially formulated with Mandelic Acid for its antibacterial properties, this cleanser is ideal for all stages of blemishes. Proteolytic enzymes, plant extracts, and willow bark work to help soothe irritated skin as tea tree oil assists in calming irritated skin. Skin is smooth, calm, and radiant.

BHA CLEANSER

This blemish-clearing cleanser features 2% salicylic acid to help unclog pores and reduce blackheads. Gentle, yet effective, moisturizing ingredients provide balance and hydration to acne-prone skin, resulting in reduction in breakouts, and smoother, more clarified skin.

GLYCO GEL CLEANSER

This purifying gel cleanser utilizes the smoothing and brightening properties of 15% glycolic acid to enhance skin tone and texture. Its foaming gel formula makes it easy to use and provides deep cleansing, revealing smoother and more radiant skin.

UNIVERSAL CLARIFYING PADS

These potent cleansing pads contain a synergistic blend of alpha and beta hydroxy acids with skin brightening agents to help reduce the appearance of breakouts and skin tone imperfections. Salicylic and mandelic acid gently exfoliate while phytic, kojic, and mandelic acids protect and brighten skin. Skin tone and texture is brightened, smoothed, and radiant.

B5 MOISTURE MATTE

This lightweight serum provides shine-free, soothing hydration for combination-to-oily skin. Expertly blended with peptides, lilac stem cells, and hyaluronic acid, redness is reduced, pores are minimized, sebum is balanced, and skin is hydrated while maintaining a matte effect.

ADVANCED DERMACLEAR SERUM

This ultra-lightweight, blemish-reducing serum swiftly clears active breakouts by optimizing cellular turnover, unclogging blocked pores, and reducing environmental stress. Advanced sebum-regulating technology minimizes breakouts and the appearance of pores. With daily use, this serum transforms congested, breakout-prone skin into beautifully clear, calm, and radiant skin that stays breakout-free.

DERMACLEAR MASK

This potent, blemish-clearing mask is a powerful solution for acne-prone and inflamed skin. With an expert blend of salicylic acid, kaolin clay, and plant stem cells, redness is reduced, blemishes are cleared, skin is hydrated, and a healthy, glowing complexion is restored.

BHA SPOT TREATMENT

This fast-acting spot treatment features 2% salicylic acid to help reduce acne-causing bacteria and unclog congested follicles. This gentle, yet effective formula is suitable for daily use and ideal for those with persistent, inflamed breakouts.

Sun Protection

This advanced collection of sun protection features a product for everyone, including a blend of both physical and chemical filters, tinted and non-tinted formulations, and textures for everyone from oily-to-dry skin. Featuring the best of sun-protection science, this category also boasts the use of InfraGuard to help protect against Infrared radiation, blue light, and pollution exposure. Enhanced with photostable vitamin C and skin-protecting peptides, UV damage is reduced and skin health is protected and restored.

PURE PROTECT BROAD SPECTRUM SPF 30

This natural sunscreen contains a unique blend of plant extracts, shea butter, antioxidants, and moisturizing ingredients to help prevent photodamage and improve the overall health and appearance of skin. With SPF 30, it provides broad-spectrum protection for skin against the damaging effects of sun exposure.

SHEERZINC BROAD SPECTRUM SPF 30

With a unique blend of plant stem cells, peptides, and antioxidants, this SPF rejuvenates skin and softens fine lines and wrinkles while offering best-in-class broad-spectrum UV protection. Elix-IRTM and InfraGuard protects against infrared ray damage, while a universal sheer tint provides immediate coverage for a youthful and radiant complexion.

3D TINTED MOISTURIZING BROAD SPECTRUM SPF 30

This powerful anti-aging SPF expertly blends peptides with hydrating ingredients and broad-spectrum UV filters to provide essential moisture and UV protection while correcting the visible signs of aging. Soothing botanical extracts, peptides, and antioxidants work together to restore firmness and glow.

SHEERZINC TINTED BROAD SPECTRUM SPF 30

With a unique blend of plant stem cells, peptides, and antioxidants, this SPF rejuvenates skin and softens fine lines and wrinkles while offering best-in-class broad-spectrum UV protection. Elix-IRTM and InfraGuard protects against infrared ray damage, while a universal sheer tint provides immediate coverage for a youthful and radiant complexion. Three different shades of universal tint adds radiance and unifies skin tone for all Fitzpatrick types.

SUNARMOR BROAD SPECTRUM SPF 50

This corrective sunscreen contains a unique blend of peptides, antioxidants, and moisturizing ingredients to help prevent photodamage, smooth fine lines and wrinkles, and improve the overall health and appearance of aging skin. With our highest SPF of 50, it provides a protective shield for the skin against the damaging effects of sun exposure.

Retinol & Vitamin A

This advanced collection of skincare is based on complexes, serums, and creams that feature advanced ingredient combinations and delivery systems in customizable concentrations and high-efficacy outcomes. Multiple concentrations and forms of retinol, advanced antioxidants, stable cysteamine and ferulic acid are all combined to deliver visible results, including a reduction in fine lines and wrinkles, brightening of unwanted dark spots, and improvements in rough skin texture. Peptides and plant stem cells help boost skin health and radiance.

RETINOL

INTELLIGENT TREATMENT SYSTEMS
POWERED BY DERMAQUEST

RIQ RETINAL 0.05%

This potent retinaldehyde serum contains 0.05% retinaldehyde, the high-iQ retinoid for sensitive skin, and first-time retinoid users. Formulated with hydroxysome microencapsulation and allostheris, a retinaldehyde amplifier, skin experiences powerful, yet gentle, results in skin. Enhanced with bakuchiol and soothing botanicals, this formula is the perfect entry point into retinoid use while avoiding sensitivity and downtime typically associated with retinol.

RIQ RETINOL 0.2%

This high-iQ retinol serum expertly blends 4 potent retinoids with allostheris, a powerful retinoid amplifier, providing high-dose rejuvenation benefits without the downtime typically associated with retinol. With a customizable potency and microencapsulation delivery system, actives are time-released into skin to ensure visible rejuvenation without the irritation. Let your skin work smarter, not harder.

RIQ RETINOL 0.3%

This high-iQ retinol serum expertly blends 4 potent retinoids with allostheris, a powerful retinoid amplifier, providing high-dose rejuvenation benefits without the downtime typically associated with retinol. Microencapsulated delivery provides targeted results. With a customizable potency and time-released delivery system, skin is visibly rejuvenated while minimizing downtime.

RIQ RETINOL 0.6%

This high-iQ, medium potency 0.6% retinol serum expertly blends retinol with plant stem cells and peptides to effectively reduce the appearance of fine lines, wrinkles, discoloration, and rough texture. Microencapsulated delivery provides targeted results. With a customizable potency and time-released delivery system, skin is visibly rejuvenated while minimizing downtime.

RIQ RETINOL 1.0%

This high-iQ, high potency 1.0% retinol serum expertly blends retinol with plant stem cells and peptides to effectively reduce the appearance of fine lines, wrinkles, discoloration, and rough texture. Microencapsulated delivery provides targeted results. With a customizable potency and time-released delivery system, skin is visibly rejuvenated while minimizing downtime.

RIQ RETINOL RADIANCE 1.0%

This high-iQ, high potency 1.0% retinol serum expertly blends retinol with plant stem cells and peptides to effectively reduce the appearance of fine lines, wrinkles, discoloration, and rough texture. Microencapsulated delivery and soothing ingredients provides targeted results without the downtime, making this perfect for users with sensitive skin. With a customizable potency and time-released delivery system, skin is visibly rejuvenated while minimizing downtime.

RIQ RETINOL EYE

This high-intelligence eye serum expertly blends microencapsulated retinol with allostheris, a powerful retinoid amplifier, and soothing ceramides for maximum results without the downtime typically associated with retinol. Boosted with firming peptides and hyaluronic acid, eyes are brighter, lifted, plump, and hydrated. Fine lines, laxity, rough texture, and discolorations of the eye area are visibly improved with consistent use.

MINI PUMPKIN MASK

This anti-aging mask provides enzymatic exfoliation with peptides and moisturizing ingredients to smooth, lift, and plump skin. Loaded with pure botanical extracts and plant antioxidants, this mask leaves skin brighter, smoother, and more hydrated.
